while Taylor Henricks met Donald Williams, the basketball famous person and renowned businessman, his nice seems took her breath away. however the down-to-earth good looks knew he additionally symbolized every thing she After Dark didn't want for her brother, a skilled collage basketball participant and best NBA draft choice. After darkish is the 1st novel i have learn through Bette Ford...and I picked it up at a backyard sale...it's a delightful sufficient read...Donald Williams is kind of captivating and certainly ALL male...LOL...at instances i love Taylor and different occasions she is a bit annoying...I just like the incontrovertible fact that the heroine is a full-figured girl who captures the eye of a SEXY-AS-ALL-GET-OUT basketball star...the discussion is a section repetitive at times...I bought After Dark bored with examining a similar factor over and over...but the romance and the intimate encounters are attractive and SENSUAL...I wonder whether she wrote a follow-up with Scott and Jenna...I'll need to fee on that...Happy studying :-)
