FLASH

Flash by Jayne Ann Krentz

Jayne Ann Krentz

A blockbuster of sensual suspense from Manhattan instances bestselling writer Jayne Ann Krentz. Sparkling with Jayne Ann Krentz's impossible to resist mixture of sassy wit and sheer suspense, this hot bestseller explodes into passionate pyrotechnics as a self-made millionaire and a charmingly disorganized entrepreneur crew as much as nook a killer. Soon, they locate their unruly partnership has the facility to set the evening on fire....Olivia Chantry may possibly depart her table in disarray, yet she's a company dynamo: her Seattle-based company, gentle Fantastic, creates the promotional flash her consumers need. Her exceptional good fortune Flash has virtually made up for a crumbled marriage that has left her wedded to a profession rather than a mate. yet all which may swap whilst Olivia inherits forty nine percentage of Glow, Inc., her uncle's high-tech lighting fixtures firm, and she or he butts heads with the interloper who bagged the opposite fifty one percent: Jasper Sloan, a enterprise capitalist and deal-maker often called an orderly guy with all his geese in a row. From the beginning in their feisty enterprise dealings, the so-called companions approximately crash and burn—and Flash slightly preserve keep an eye on of the sexual power crackling among them. but if they find a blackmailer is difficult at paintings uncovering secrets and techniques within Glow, Inc., Olivia and Sloan's steamy three way partnership faces the acid try out of truth...and a necessity for absolute trust. For whilst extortion turns to murder, a union in their minds—and hearts—might be their purely likelihood to stick alive.

3.5 stars for this stand-alone Flash romantic suspense, set in modern Seattle. I first learn it years ago. Now i am hearing the audio, narrated by means of Kate Fleming (aka Anna Fields, who Flash narrated for Susan E Philips). She's obtained a large vocal variety and portrays males well. Sadly, she handed Flash on in 2006. POV is third person, switching among Jasper and Olivia, and sometimes a few mysterious chess player. Contents comprise a couple of specific intercourse scenes, a bit violence, minimum swearing or profanity, and no crude phrases for woman anatomy. Why do I learn JAK?? it is ordinarily no longer for the suspense, although that's frequently interesting. the most cause I come again to this formulaic writer is this: She writes approximately honorable males who're deeply alone. Misunderstood, or misjudged, or unwanted, or taken for granted. Whatever. i think for those guys, even supposing they're tough, shrewd, sexy, and rich. i love them simply because -- real heroes -- they preserve on doing the ideal thing, with no fanfare, regardless of public opinion. i admire the heroines, too. Krentz sells me on their HEA. it truly is heartwarming and satisfying, realizing the couple goes to Flash keep up one another and give a contribution to the wellbeing and fitness of others. Quibbles: a few discussion felt love it went on a section lengthy at times. Olivia's inner reasoning additionally droned on, specifically in audio format, the place i can't skim. The chess participant POV felt out of place. Also, the massive undesirable villain is a stretch. This publication starts with prologues, working alongside parallel lines. within the first prologue, set eight years within the past, the hero (Jasper Sloan) is burning a few mysterious records whereas tending to his newly followed nephews, Kirby (age 10) and Paul (age 12). Jasper's spouse left him a yr ago, whilst the lads moved in, after their father died. Their dad was once Fletcher, Jasper's step-brother. within the moment prologue, set three years within the past,
