
Le Temps En Ruines by Marc Augé

Marc Augé

Attraverso un percorso Le Temps En Ruines sinuoso tra diversi siti del mondo - dall'Acropoli di Atene al Muro di Berlino - , passando in line with diversificati opere letterarie o cinematografiche e qualche ricordo, Marc Augé sviluppa una intuizione che riguarda il senso del tempo e forse, al di là, la coscienza della storia. La vista delle rovine ci fa intuire l'esistenza di un tempo che non è quello di cui parlano i manuali di storia o che i restauri cercano di resuscitare. È un tempo puro, non databile, assente dal nostro mondo d'immagini, di simulacri e di ricostruzioni; dal nostro mondo violento che produce solo macerie: macerie che, in line with l'appunto, non hanno più il tempo di diventare rovine. Un tempo perduto che capita all'arte di ritrovare.

Cosa c'è di così prezioso e affascinante nelle rovine? Il senso del tempo come "coscienza della mancanza, espressione dell'assenza, puro desiderio". Un tempo senza l. a. storia, proprio perché le rovine non sono espressione di un momento storico ben preciso, ma coniugano paesaggio, natura, sguardo.
