Luna de lobos by Julio Llamazares

Julio Llamazares

Tres existencias clandestinas, sumidas en el exilio de la oscuridad y de la naturaleza salvaje, acechan desde el silencio del monte lo que un día fueron sus casas, sus mujeres y su vida. El miedo es Luna de lobos los angeles única compañía que no abandona a los fugitivos, un miedo que incita a compartir ese estado de tensión permanente que hace esperar y temer que el sonido de la bala enemiga rompa por fin la angustia del silencio. Al tiempo que nos permite asistir a una página olvidada de nuestra historia, la epopeya anónima de estos tres hombres nos demuestra que los angeles condena a vivir como una alimaña no conlleva necesariamente la pérdida de los angeles grandeza humana. Ramiro, Gildo y Ángel, tres soldados republicanos de León, huyen en plena noche de las represalias del frente victorioso que ha ocupado su tierra. Refugiados en el monte, siempre al abrigo de los angeles oscuridad de las minas abandonadas, de las cuevas o de los angeles noche, ven pasar los meses mientras tratan de encontrar la forma de sobrevivir y de escapar al infierno de los angeles clandestinidad. De esta manera se manifiesta un instinto primario que puede llevar a un hombre acosado hacia Luna de lobos la violencia.

Al principio eran cuatro, sobrevivientes del ejército republicano derrotado en Asturias en 1937. Cuatro hombres luchando contra un ejército, el nacional (es decir, el de Francisco Franco y demás fascistas), por conservar su libertad Luna de lobos y su dignidad en las duras sierras que conocen como sus pueblos y gentes. Cae uno tras otro, en los largos años de persecución y de decepciones mientras hacen lo imposible por mantener su lucha, hasta que en 1946 queda uno solo, Ángel, antiguo maestro de escuela convertido en guerrillero, por cuyos ojos y oídos vivimos esta epopeya. Tras nueve años de optimismo y decepción, hambre, frío y soledad, este último maquis tiene que reconocer que los vencedores de Hitler y Mussolini no van a ocuparse de derrocar a Franco y que él solo en la montaña ya no puede aportar nada más a los angeles ansiada revolución libertaria, que su lucha ha sido — por lo menos por ahora — fútil. Esta lírica y poética novela (Llamazares es conocido por su poesía) nos permite vivir en la imaginación esa esperanza y decepción, ese amor por la patria chica en una geografía muy dura pero muy bella, esa inquebrantable solidaridad con su pueblo que permitió a muchos maquis perseverar aún más allá de la desesperación. Se lee rápido, porque la historia engancha y fluye, y da placer a los sentidos por los sonidos de las aves y los vientos, los colores de los cielos y montes, los tactos con rocas y espinas y, en algunos momentos deliciosos, con otra carne humana. Es un libro bello, y un bello homenaje a esos héroes de una batalla perdida pero Luna de lobos no olvidada.
