Heather Swain

it isn't usually you spot an elf in the course of Brooklyn, not to mention a tall, blond, wonderful Me, My Elf & I (Zephyr #1) elf in the course of probably the most prestigious appearing arts excessive colleges within the country. And yet, that is simply the place Zephyr Addler reveals herself: smack dab in the course of a bustling long island urban school, worlds clear of the secluded forest neighborhood she is aware so well. yet Zephyr understands that she has to determine tips on how to dwell within the world. and get dressed within the world. due to a bit pleasant suggestion from her new buddy Mercedes, Zephyr starts off to get the grasp of Brooklyn. That is, until eventually Zephyr snags a job in a commercial, beating out the preferred lady in school, Bella Dartagnan. Now with Bella and her neighbors out to get her, can Zephyr out-manuever the suggest ladies (and trap the attention of a undeniable lovable boy) with out wasting herself?

suggest ladies Meets Elf, a fish-out-of-water, comedian YA fantasy Fifteen-year-old Zephyr Addler has simply moved to Brooklyn together with her 5 siblings, her naturopath mother, and her folk-rock-star father from the higher Peninsula of Michigan. Switching from being domestic Me, My Elf & I (Zephyr #1) schooled Me, My Elf & I (Zephyr #1) in a cottage within the woods to attending a cosmopolitan arts highschool in an incredible urban is not Zephyr's merely tradition shock. She's residing for the 1st time between humans. Zephyr is an elf with the paranormal skill of casting spells and will probably stay thousands of years. In addition, like any her fellow elves, Zephyr is a tall, gorgeous, green-eyed blonde who's healthy and lean from a vigorous, outdoors way of life and a healthy, traditional diet. She additionally stocks to a good measure the elvish trait of empathetic kindness. Zephyr's relatives plans to be clear of Alverland, their secret. elvish home, for just a 12 months whereas Zephyr's dad is making significant strides in his musical career. however the grownup elves of their close-knit community--especially Zephyr's grandmother--are very nervous approximately what's going to take place to the Addler kinfolk in an "erdler" (human) city. Zephyr does not care approximately any of that. She's obtained titanic plans, and he or she cannot wait to start on them. She desires to act, sing and, such a lot of all, have a date with a lovable erdler boy! This e-book is definitely written, and the tale is a comic book treat. I loved a great deal studying approximately Zephyr's existence as an elf. She is immensely likeable, as are her eccentric, cute family. Zephyr's struggles to slot into the human global are from time to time humorous and at others poignant. I additionally discovered it very smart the way in which the writer makes use of Zephyr's virtues of kindness and blameless naïveté to get Zephyr--and her buddies and family--into whacky messes. Teen ladies will gobble up this story! and oldsters will approve a great deal of the elvish lifestyle. they do Me, My Elf & I (Zephyr #1) not drink, smoke or have interaction in uncommitted sex, so the booklet is G-Rated and will properly be learn by way of women as younger as 11.
