Prophet of Death: The Mormon Blood-Atonement Killings

Pete Earley

An account of the crimes of Jeffrey Lundgren describes how the fanatical preacher used his hypnotic oratory and his twisted interpretations of spiritual texts to justify the excesses of his church--perversion, sexual slavery, and human sacrifice. Reprint. NYT.

Sweet, merciful crap... i began this ebook approximately a 12 months ago, entire approximately thirds of it and briskly placed it down. i ultimately picked it again up Prophet of Death: The Mormon Blood-Atonement Killings a number of weeks in the past and slowly labored my approach throughout the ultimate thicket of mind-numbing information. i cannot say, however, that this was once a nasty book, in keeping with se, simply that i discovered it terribly tricky to finish; and never in an intellectually demanding way. This learn required either patience and deep breathing, yet in contrast to different actions that require the same, it was once not really definitely worth the effort. Prophet of dying is exhaustively researched and therefore (due to the character of the details) makes for an laborious experience. The publication issues Jeffrey Lundgren and his 'followers.' Lundgren was once a radical, violent, abusive, completely mad, coprophiliac (yes) cult chief of the Mormon offshoot variety. there's little correlation among mainstream Mormonism and the logo Jeffrey "created," keep for his use of Mormon "holy books" in his teachings. the tale is comparatively typical in "charismatic and intelligent" demagogue convinces a gaggle of determined humans to obey his each want and whim. And Lundgren, in his Prophet of Death: The Mormon Blood-Atonement Killings self-proclaimed position of Prophet and 'God on earth,' employs each possible approach to exploitation opposed to his family, fans and friends. Ultimately, Jeffrey plans and executes a mass-murder, killing a relatives of 5 within the identify of god and burying them Prophet of Death: The Mormon Blood-Atonement Killings in a pit in a barn. The challenge I had with this ebook used to be the sheer quantity of inexcusable examples of gigantic human stupidity one needed to wade through, web page after web page after page. There appeared an endless, surging torrent of cumulative idiocy -- how may humans be so awfully dense? So... fucking hopeless. And it is a Prophet of Death: The Mormon Blood-Atonement Killings quite long account, so it is a genuine try out of patience. Though, should you can belly unending debts of moronic activities through the simply manipulable, this can be the publication for you. And, if you happen to have been wondering, this ebook was once written in 1991 and it is ultimate pages left Jeffrey to his musings whereas on dying row. He the lord could loose him from felony to proceed bringing approximately Christ's go back to earth. Jeffrey Lundgren has when you consider that been accomplished (on October 24, 2006) after his good of appeals ran dry.
