# The City The City Madam Madam by Philip Massinger

Philip Massinger

A waspish urban comedy, critiquing Caroline London, "The urban Madam" reworks Shakespeare's "Measure for Measure" as a urban comedy to assault the vices of hypocrisy, greed, self-indulgence and social pretension that ruin communality. because the citizen Sir John Frugal and his daughters' spurned suitors go back disguised as Amerindians, Massinger contrasts their feigned godlessness with the failure of Christian charity in 1630s London. The play was once revived for a staged studying at Shakespeare's Globe in June 1995.

An version of Shakespeare's degree for degree (one of my fav's).
