## Twilight Sleep by Edith Wharton

Edith Wharton

A portrait of Nineteen Twenties ny society. 7.30 psychological uplift. 7.45 Breakfast. eight Psychoanalysis. 8.15 See cook. And so starts off one other day within the elegant, langorous global of the Manford relatives round whom this ironic and a laugh research of a kinfolk drama revolves.

Se Jane Austen affermava di lavorare con un pennello su un piccolo pezzetto d'avorio, Edith Wharton, secondo me, avrebbe potuto benissimo affermare che lei lavorava, intagliava, lucidava, una gemma d'ambra. I libri scritti dall'autrice americana sono dei veri piccoli gioielli, molto spesso brillanti certe volte un po' meno. Il sonno del crepuscolo è uno degli ultimi romanzi scritti Twilight Sleep dalla Wharton. Ambientato a brand new York nei ruggenti anni '20, il libro racconta le vicende di Pauline Manford e della sua famiglia. Pauline Manford è una donna dell'alta borghesia newyorkese, molto sicura di sé che ha sempre i minuti contati; seguace di guru e guaritori, filantropa a pace pieno le sue giornate sono sempre impegnate da "esercizi euritmici", massaggi in keeping with il viso, meditazione, incontri e discorsi al Comitato consistent with il controllo delle nascite e all'Associazione del Giorno delle Madri. Una donna in keeping with cui anche I. Twilight Sleep a. Pasqua anticipata può diventare un problema. Pauline è talmente impegnata da non avere pace neanche consistent with una chiacchierata con sua figlia Nona. Nona è I. a. figlia che ha avuto dal suo secondo matrimonio con Dexter Manford. Il suo primo marito, Arthur (chiamato affettuosamente da tutta los angeles famiglia file A, nome con cui sono segnati gli appuntamenti nell'agenda di mrs. Manford) è l'ingannevole e alcolizzato padre di suo figlio Jim. Jim, è sposato con Lita, una giovane ragazza che sembra uscita dai libri di Fitzgerald, che passa da una festa all'altra e desidera sfondare a Hollywood; consistent with realizzare questo suo desiderio sarebbe pronta anche a divorziare dal marito... La trama del romanzo ruota attorno alla famiglia Manford, una famiglia allargata degli anni venti, che si lascia travolgere in un vortice frenetico di falsi interessi e d'attività tra le più disparate, futili, contraddittorie e dal tentativo di Pauline d'impedire il divorzio di suo figlio. Ogni volta che leggo un romanzo di Edith rimango affascinata dalla sua capacità di positive ed acuta indagatrice della natura umana. Questo romanzo è un capolavoro di ironia e acume, che raffigura con disincanto l'inflessibile società newyorkese degli anni venti. La Wharton dipinge così bene i suoi Twilight Sleep personaggi tanto da renderli reali, anche se magari sono poco approfonditi a livello psicologico (come in questo caso): dalla perfezionista e large impegnata Pauline a Nona, che prova a custodire i vecchi valori di lealtà e fedeltà nonostante los angeles sua giovane età; da Lita, l'apatrica nuora, considerata una gran bellezza, che passa da una festa all'altra in step with fuggire dalla prigione che è diventata I. a. sua vita a Dexter, sempre impegnato con il lavoro e in piena crisi di mezza età; da Arthur, primo marito ormai in declino nella società newyorkese advert Amalasantha di San Fedele, I. a. marchesa che carpisce Twilight Sleep prestiti e regali ai ricchi parenti americani minacciando di Twilight Sleep a ways sbarcare nella grande mela il suo figliolo dongiovanni, Michelangelo. Il sonno del crepuscolo del titolo non è altro che lo stato fisico e mentale, fatto di feste, tradimenti, lavoro, denaro, ricerca della spiritualità, distacco emotivo, nel quale i personaggi si perdono according to evitare di riflettere sul senso della vita che conducono, ma impedendosi così qualunque possibilità

Twilight Sleep di raggiungere los angeles vera felicità. Twilight Sleep, è uno dei romanzi meno conosciuti della scrittrice americana e nonostante los angeles trama racconti una vicenda molto semplice e all'apparenza superficiale, è un romanzo molto più "oscuro" di quello che possa sembrare. Il finale è avvolto nella nebbia: un'attrazione troppo grande, troppo pericolosa, un letto intatto, un urlo e uno sparo nella notte... I. a. fantastico si può sentire arrivare dalle pagine precedenti e i dubbi del lettore rimangono irrisolti anche se quest'ultimo si fa un'idea di quello che è realmente accaduto. Ho fatto fatica a chiudere il libro, perché I. a. scrittura scorrevolissima della Wharton è sempre magnifica; anche in questo caso sono presenti, e disponibili ogni suo libro, il suo inconfondibile stile e I. a. sua capacità di raccontare con sottile e cinica ironia le rigide convenzioni, le ipocrisie e ogni sfumatura della buona società americana dei primi decenni del '900. Un romanzo molto attuale, incredibilmente moderno, che fa molto riflettere sul matrimonio, sul denaro, sul divorzio e su tanti problemi che riguardano ancora los angeles società, a dimostrazione che, dopo quasi un secolo, non è cambiato poi così tanto da allora. Posso affermare che questo romanzo è stata l'ennesima dimostrazione che non mi stancherò mai di leggere un libro della Wharton. [...] e quando i nervi dei ricchi vanno fuori giri il rimedio, piacevole del resto, e immediatamente prescritto è un viaggio.
