it is a novel like no other. even though it has plot, characters, character-development, denouement, and narrative, it doesn't search White in the Moon to entertain White in the Moon within the traditional sense. Rather, it makes an attempt to interact its readers intellectually--encouraging them to hunt and locate their very own underlying unity. the unconventional is instructed from the point of view of 5 significant characters--with a couple of interruptions via an omniscient White in the Moon speaker--and White in the Moon is a multi-genre try to discover the philosophical ontology underlying that uniquely human activity, the production of art. White within the Moon is a examine of metaphor--ultimately the starting place of everything. it's not a booklet for the lazy reader.
